

REMARKS

In response to paragraph 2 of the outstanding Office Action, enclosed herewith is a copy of the Statement Under 37 CFR 3.73(b) as filed with the reissue application on February 8, 2001, as evidenced by the attached copy of Applicant's return postcard. This satisfies the requirement to establish the assignee's ownership.

In response to paragraphs 3 and 4 of the outstanding Office Action, enclosed are a newly executed Reissue Application Declaration by the Inventor which restates the error upon which this broadening reissue application is based and a newly executed Supplemental Declaration for Reissue Patent Application by the inventor pertaining to all amendments made after filing of the reissue application. Since these items are faxed copies of signed documents received by fax, unsigned "clean" copies of these documents, as presented to the inventor for review and execution, have also been enclosed for the Examiner's convenience.

In response to paragraph 5 of the outstanding Office Action, Applicant has presented herein the amendments filed on October 18, 2001, November 29, 2001 and January 30, 2002 in a form complying with 37 CFR 1.173(b). No further amendments or additional claims are presented herein.

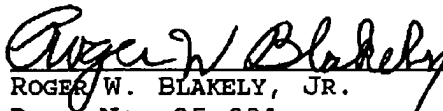

CONCLUSION

Applicant believes that all outstanding matters have been addressed and that pending claims 1-22, 24-32 and 34-65 are in condition for allowance, and such action is respectfully solicited.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP
